

Job Posting – July 25, 2017

## Outside Service Technician

### **Who we are**

Critical Environment Technologies Canada Inc. designs and manufactures gas detectors, fixed gas detection systems and battery powered indoor air quality monitors / data loggers for a wide variety of hazardous gas detection applications including, commercial HVAC applications and other commercial, institutional, municipal and light industrial markets. Many of these systems applications are for vehicle exhaust, but areas of specialization include refrigeration plants, pools, water purification, arenas, wineries and breweries, waste water treatment, office environments and many more.

### **What does the job involve?**

#### **Job Description:**

We are looking for a self-motivated, highly organized individual with strong trouble shooting skills to work in our service department. This fulltime position includes traveling to sites on the lower mainland and providing onsite repair, programming and calibration service for installed systems, onsite training of end users, writing detailed service reports and working closely with inside staff at CETCI. Occasional travel outside of Canada may be required so a Canadian passport is a must.

#### **Required Qualifications:**

- Must have extremely good spoken and written command of the English language
- Must have good communication skills and be a good listener
- Must have good electronic trouble shooting skills
- Must have good through hole and SMT soldering skills
- Some familiarity with firmware / software writing programs and code is a bonus
- Must be able to work without supervision
- Should be able to “think on the fly - adapt knowledge to solve problems” and “think outside the box”
- Must have extremely good attention to details and be very comfortable using basic Microsoft computer programs such as Excel and Word, etc.
- Has excellent attendance and completes quality work on time
- Must have very good people skills
- Must have clean driving record
- Must have “common sense”

#### **What we provide for You**

- Full time position in a stable, successful, growing, Canadian company
- Excellent Healthcare/Dental/Insurance Benefits Package
- Good working conditions / good working environment
- Company service vehicle for company business use
- Competitive income
- Profit sharing & bonuses
- Training
- Fun

### **What we ask of You**

- Be highly motivated, and self-confident
- Be a “details” person
- Be comfortable working in a “team” environment
- Be respectful of all people, especially co-workers and customers

### **Location**

We are situated in Tilbury Industrial Park in Delta, BC

### **Next Step**

If you possess these skills and believe we are a good fit for your career please contact us by sending a resume and cover letter to [fbritton@cetci.com](mailto:fbritton@cetci.com). Be sure to detail your experience and/or education **and** desired income level. Your resume / cover letter **will not** be reviewed unless you have provided the requested information. If you send your resume without any text in the body of your e-mail it will be deleted without reading.
